

In The Claims

1. (Currently Amended) A side sleeping pillow combination comprising:

a main pillow cushion having an underside, a front and rear edge, and a pair of side edges,
defining a fabric cover filled with a resilient filling; and

a side pad, filled with a resilient filling, adjacent each of said side edges, said side pads capable of folding under said main pillow whereby a space is created between said folded under side pads, said space traversing the underside of said main pillow from said front edge to said rear edge.

2. (Original) A side sleeping pillow as defined in claim 1 wherein said side pads include a pair of pads with spacing therebetween.

3. (Original) A side sleeping pillow as defined in claim 1 further comprising a pillowcase for providing the associated spacing between said pillow and said pads.

4. (Original) A side sleeping pillow as defined in claim 2 further comprising a pillowcase for providing the associated spacing between said pillow and said pads.
